## AIRED IN THE SENATE

Statesmen Find the Philippine Problem a Prolific Theme.

### TURNER GETS A HEARING THEREON.

Says the Administration Acted Perfidiously and in Bad Faith in the Whole Affair—Other Matters Up.

Washington, Jan. 22.—Soon after the senate convened a joint resolution was offered by Mr. Platt (N. Y.), authorizing the president to invite the government of Great Britain to join in the promotion of an international commission to examine and report on the diversion of the waters that are the boundaries of the two countries. It was referred to the committee on foreign relations.

Mr. Hoar, chairman of the judiciary committee, reported back the resolution of Mr. Rawlins (Utah) for an inquiry upon polygamy with a recommendation that the first and last paragraphs of the resolution be adopted. The report was accepted, and the resolution as amended adopted. As passed the resolution reads: "To what extent polygamy is practiced or polygamous marriages entered into in the United States, or in places over which they have jurisdiction."

Mr. Allen (Neb.) offered a resolution calling upon the secretary of the treasury to furnish the senate with all information consisting of correspondence and verbal communications he may have had with A. B. Hepburn and other officials of the National City bank of New York, concerning the transmission of the custom house of New York to the National City bank. It went over under objection.

At the conclusion of the routine business Mr. Pritchard (N. C.) called up his resolution relating to the proposed amendment to the constitution of North Carolina, which, if adopted, it is alleged, "disfranchises a large class of voters of the state." After the reading of the resolution Mr. Pritchard addressed the senate in support of it, his address being in the nature of a reply to that delivered several days ago by Senator Morgan.

Mr. Pritchard was frequently interrupted by Mr. Tillman (S. C.) and Mr. Money (Miss.).

#### Turner's Turn.

In accordance with notice previously given, Mr. Turner (D., Wash.) then addressed the senate on the Philippine question. His discussion took a wide range. He said perfidy and bad faith were involved in the pretensions put forth by the administration of either a local or a moral right to absorb and govern the Philippines without the consent of their people. The people of those islands were, he said, a brave, resolute, liberty-loving people, and their struggles ought to win the admiration and respect of every member of the American senate.

Mr. Turner then related the oft-told story of the alliance which was formed between the United States forces and the Filipinos for the subjugation of Manila, and the expulsion of Spain from the islands, and expressed the opinion that had our army been delayed for a few weeks, the Filipinos themselves would have captured the city. He declared that the Filipinos believed they were fighting for their own independence, yet the president's message set up the claim that independence was an after thought founded on the sinister ambition of certain Filipino leaders. This assertion, Mr. Turner said, was unfounded, and he quoted extensively from official documents in maintenance of his declaration.

"Our action has no parallel in the history of all the world from the beginning of time down to the present moment," said Mr. Turner. "I venture to say that there is not one American voter in a hundred, who would not have repudiated the pretensions of the administration as perfidious and dishonorable, if called on with full knowledge of the facts to sanction them in the beginning and before the present desolating war began."

He paid a glowing tribute to the Boers in their gallant struggle against the aggressions of a ruthless invader. Said Mr. Turner: "In other days our sympathy would have been expressed through governmental channels. But now that ghost of liberty, murdered in the Philippines, stands in the way." Mr. Beveridge's speech was characterized by a rhapsody that "lacked the majestic harmony which can be evoked only when the nobler chords are struck."

Mr. Turner controverted the president's statements that the islands were ours by every title of law and equity, because the Filipinos had assumed

that sovereignty by the God-given right of revolution. If the United States had any rights at all in the Philippines, they were gained purely by purchase, and could not, in his opinion, be fixed in law by the treaty of Paris, because the Filipinos were not a party to that treaty.

### COUNT WAS WROTH.

Says He's Not a Gambler and Pitches Into a Paris Editor.

New York, Jan. 22.—Count Boni de Castellane and the Countess de Castellane, nee Gould, arrived in this country from Havre, France. They went to the Waldorf-Astoria hotel. The count was willing to talk about the stories of his losses by stock speculation and gambling. He speaks very good English, with a slight accent. As to DeRoday, the editor of the Paris Figaro, the paper which circulated the story, he said:

"DeRoday is a liar, he is a scoundrel—say anything you like about him. He is nothing, a nonentity. What should I care for him? Oh, he is a liar. I never gambled in my life," said Count de Castellane warmly. "I never played cards for money nor gambled in any other form. I did not lose money in speculation." He has sent a message to the Figaro editor demanding instant retraction.

#### Election of Senators.

Washington, Jan. 22.—The report filed on the house bill for the election of United States senators by the people reviews the arguments made in favor of this change, and refers to the unfortunate conditions which have occurred in Kentucky, Idaho, Delaware and other states under the present system. The bill as reported leaves it discretionary with legislatures to continue the present system or adopt the system of a choice by the people.

#### Street Railway Plant in Ruins.

Muncie, Ind., Jan. 22.—Fire destroyed the power house, shops, barns and offices of the electric street railway system, entailing a loss of \$75,000. Sixteen cars were consumed and the engines were ruined. It is believed the plant will be rebuilt, as plans are under way for a new structure in another part of the city. The entire electric system is tied up because of the fire, and horse cars will be utilized temporarily.

#### Arbitrators Appointed.

Managua, Nicaragua, Jan. 22.—The Nicaraguan government will appoint Jose D. Rodriguez and Bruno Buitrage as arbitrators for Nicaragua in adjusting the differences with the Maritime Canal company. It is understood that the government will object to United States Minister Merry and Rudolph Weiser, the company's agent, as representatives of the company in the arbitration.

#### Secretary of the Senate.

Washington, Jan. 22.—Senator Platt of New York will present the name of ex-Representative Bennett of New York to the Republican caucus for secretary of the senate, when it assembles on Wednesday, and the general opinion is that he will be nominated. It is also believed that Daniel Ransdell of Indiana will be named for sergeant-at-arms.

#### Sister of Julia Marlowe.

Batavia, O., Jan. 22.—John Burster, having entered suit during session of court before Judge Parrott to secure damages from the Cincinnati Street Car company, who were indirectly responsible for the death of his wife, was awarded \$9,000 damages. Mrs. Burster was a sister of Julia Marlowe, the actress.

#### Thousands of Japanese Landed.

San Francisco, Jan. 22.—The steamer Doric, which arrived from the Orient, landed 700 Japanese at Honolulu. This completed a list of 2,000 inside of four days. The records of the immigration bureau at Honolulu shows that since June 15 last, 17,809 Japanese have been landed.

#### Montagu White at Washington.

Washington, Jan. 22.—Mr. Montagu White, formerly consul of the Transvaal republic at London, and who, it is understood is in this country to endeavor to obtain recognition as the diplomatic representative of the republic here, arrived in the city from New York city.

#### Osman Digna Imprisoned.

Suakim, Jan. 22.—Osman Digna, principal general of the late khalfa, Abdullah, who was captured last Thursday in the hills near Tokar, was brought here and imprisoned.

#### Big Canal in Court.

Washington, Jan. 22.—In the case of the State of Missouri versus the State of Illinois, involving the petition for an injunction against the Chicago Drainage canal, the United States supreme court decided to permit the attorney general of Missouri to file his bill making the summons to the defendants returnable on April 2.

## AS STOUT AS A ROCK

Boers Withstand the Fierce Assaults of the British Troops.

### LATTER'S ADVANCE MAY BE BLOCKED

Relief of Ladysmith is Delayed Owing to Circumstances Over Which General Buller Has No Control.

London, Jan. 22.—Nothing has been received thus far to indicate that any conclusive result has been reached by the British forces in the region of the Upper Tugela, and the lack of information regarding what men and ammunition the Boers have in reserve prevents accurate determination of the measure of real success along the two days' hard fighting. All that can be said is that the British seem to be doggedly advancing in the face of an equally stubborn resistance. At the close of Sunday's fighting the Republicans had merely evacuated their first line of defense to take up another semi-circular position a short distance in the rear, recalling the old burgher ruse by which the Boers have previously managed to entice the British into fatal traps.

Dispatches from elsewhere in South Africa give trivial details of minor happenings, and do not illuminate the situation. The widow of General Wauchope, in an open letter, hotly denies the stories that the general in any way criticized General Methuen.

Though there is considerable anxiety as to the immediate result of General Buller's dash at Ladysmith, which later developments indicate were undertaken independent of Field Marshal Roberts, the war office has now come to the conclusion that the relief of Ladysmith is only a matter of a short time. According to the war office officials' ideas, a dash to the relief of Kimberley will quickly follow the relief of Ladysmith, and then, without doubt a long spell of organization, and perhaps three or four months will elapse before the column or columns will have their transportation in a fit shape to advance with the certainty of meeting with no serious reverses.

Dispatches from Mafeking, dated Jan. 10, assert that the Boers keep up a continuous bombardment of the town. The garrison officers believe they can hold out for three months. General Buller sent two dispatches to the war office on Sunday. The first dealt with the fighting on Sunday, General Warren's column being engaged with the left wing of the entrenched Boers all day long. The British made no substantial progress toward Ladysmith. The second dispatch places the English list of casualties as a result of Saturday's fighting at 300 wounded. Fatalities omitted.

#### Boers Firmly Resist.

Spearman's Camp, Natal, Jan. 22.—Early on Sunday morning General Warren commenced a flanking movement on the extreme left of the Boer position. The infantry advanced at 5 in the morning along the irregular Tambanya mountain, which ends at Spionkop. The artillery occupied positions behind and on the plain. The British carefully worked along the hills within 1,000 yards of a commanding kopje, on which the Boers were concentrated, concealed behind immense boulders strewn thickly over the hill. The artillery opened the attack and the batteries worked continuously, pouring tons of shrapnel among the Boers, who devoted their attention to musketry firing on the British infantry.

The Boers stuck to their rocky fastnesses with the greatest tenacity, and at the conclusion of the day the British had only advanced across a few ridges. The Boers apparently have few guns, and they did little damage. Captain Honley of the Dublin Fusiliers fell mortally wounded while leading his men to seize a fresh point of advantage.

#### Canal Bill Will Pass.

Washington, Jan. 22.—The Hepburn-Morgan Nicaragua canal bill will probably be passed during the present session of congress. The measure will receive the approval of the president. There is an overwhelming majority in both houses of congress in favor of the pending bill, and in favor of passing it without waiting for the report of the Walker commission.

#### Contested Kentucky Seat.

Washington, Jan. 22.—The contested election case of White versus Boering for the Eleventh congressional district of Kentucky was heard by house election committee No. 2. It involves mainly an issue over the regularity of the nominations and the official character of the ballots.

### BRYAN IN NEW YORK.

Recipient of Much Attention From All Factions of Democracy.

New York, Jan. 22.—There is great stir in Democratic circles over Colonel W. J. Bryan's visit to New York. Mr. Bryan, when he arrived, went to the Hoffman House, the headquarters of the state Democratic organization, which is controlled by Tammany Hall. A silver Democratic leader had hoped to entertain the Democratic leader, but the latter declined. Mr. Bryan spent the day in consultation with the various leaders in the city, and at night was the guest of O. H. P. Belmont at a dinner given in his honor. There were about 350 men at this feast, and all factions of the party were represented.

Mr. Bryan will be the recipient of much attention from Democrats from all factions while in the city. On Tuesday morning the members of the state committee of the Chicago Platform Democracy will wait upon him at the Hoffman House. They will place before him their plan for selecting a contesting delegation to the coming national convention.

Mr. Bryan was asked in view of the contradictory statements in regard to his policy, how he stood, and replied: "I stand on the same lines. I am not abandoning any platform or any principles. I shall talk on silver, the trusts and imperialism."

"You place silver first?" was asked. "I make no special order," said Mr. Bryan. "Any one of them is enough to kill the Republican party."

#### Scattering the Filipinos.

Washington, Jan. 22.—General Otis, in a dispatch to the war department bearing upon military operations in the Philippines, reports that Major Johnson, in command of a battalion of Wheaton's brigade, drove the enemy through Balayang province, capturing and killing a number and seizing a quantity of arms and ammunition. Three towns were stormed and taken, with the loss of one killed and three wounded. General Schwan is swinging his column on Santa Cruz, Lagunda de Bay, where the Filipinos are reported in large force and heavily entrenched.

#### Last Stand of the Yaquis.

Tucson, A. T., Jan. 22.—A message from Ortiz, a station on the Sonora, reports that carriers from Macoyate confirm the account of the last stand of the Yaqui Indians against the Mexican general, Lorenzo Torres. Official telegrams received in Nogales place the Mexican loss in killed and wounded at 80, and a message sent over the government wires confirms the report of the killing of the Yaqui chief, Tebbiate, along with 200 of his fighters.

#### McKinley Must Act.

New York, Jan. 22.—The Central Federated union decided to remind President McKinley that, as a member of the Bricklayers' union of Chicago, he is expected to take an active interest in trades union matters. His attention is called to the fact that pipe calkers and tappers, employed on government work on Bedloe's and Governor's islands, are working 10 hours per day, instead of 8.

#### Laborers Entombed.

Los Angeles, Jan. 22.—Streetcar Inspector Lambie, who was injured by the caving in of a tunnel here, is dead. Two of the entombed men, John Mitchell and John Eckhart, have been rescued. They were able to talk with their fellow workers through the mass of earth intervening, and all were alive except William Paullly. It is expected the remaining survivors will be liberated soon.

#### Mission of Webster Davis.

Washington, Jan. 22.—Both the state and interior departments authorize the most sweeping denial of the story that Webster Davis, assistant secretary of the interior, is clothed with any diplomatic mission. It is declared that he represents no department of the United States government in his visit to South Africa, but is there in a personal capacity.

#### Officer Killed.

Washington, Pa., Jan. 22.—George W. McCammon of West Alexander was shot and killed by Frank McGee. McCammon had an alleged sheepthief in custody, when McGee interfered. The young man drew a revolver and shot the officer through the head, killing him almost instantly. McGee fled, but was later captured by a posse, and is now in jail.

Portland, Or., Jan. 22.—The final builder's trial trip of the torpedo boat destroyer Goldsborough was made on the Columbia river. The result was so satisfactory that it has been thought unnecessary to make another builder's trial. The boat for a time made 405 revolutions. This is 45 revolutions more than is required to make 30 knots. The average speed ranged from 24 to 30½ knots.

## GIVEN GREAT POWER.

United Mine Workers Enlarge the Sphere of Their President.

### CONSTITUTION MAKES HIM SUPREME

Second Ballot to Be Taken For Vice President, but Board Officers Are Chosen—Operators to Meet the Miners.

Indianapolis, Jan. 22.—The seventh day's session of the United Mine Workers was called to order by President Mitchell. The election last Thursday resulted in no choice for vice president. The following board officers were re-elected: Fred Dilcher, Nelsonville, O.; Benjamin James, Jeansville, Pa.; James Burton, Sparta, Ill.; Henry Stephenson, East Bank, W. Va.; W. R. Fairley, Pratt City, Ala.; G. W. Purcell, Terre Haute, Ind.; Edward McKay, Luena Vista, Pa.

A second ballot will be taken for vice president, and to select a successor to board member John P. Reese of Iowa, as he is to retire. Reese and T. L. Lewis of Ohio, remain in the field for vice president. W. D. Vanhorne of Indiana dropping out.

Many amendment were made to the constitution. The constitution, as amended, gives President Mitchell greater power. It makes him almost supreme, and he can suspend certain officers and appoint their successors.

An amendment was passed to increase salaries of officers as follows: President, from \$1,200 to \$1,500; secretary treasurer, from \$1,000 to \$1,300; vice president, from \$900 to \$1,200; editor of the Mine Workers' Journal, from \$3 per day to \$1,200 per year; national board members, from \$2.50 per day to \$3. These officers also have all expenses paid.

The scale committee is still at work. Its report will probably be sent to the operators on Tuesday. The joint conference of operators and miners will also open on Tuesday. Many of the operators are already in the city.

The Illinois, Ohio and Indiana Operators' association held meetings. They oppose a big advance; Illinois wants the wage scale reduced to that of Indiana. Ohio operators favor an advance, but not over 10 cents. J. Smith Talley of Terra Haute, president of the Indiana Bituminous Operators' association, says he will decline to preside over the conference.

#### New Incorporations.

Columbus, O., Jan. 22.—Cincinnati and Suburban Delivery company, Cincinnati, reduction from \$30,000 to \$25,000; Queen City Harness and Saddlery company, Cincinnati, \$20,000; Evangelical Lutheranische Friedens Gemeinde, Richfield township, Henry county; Dayton and Troy Electric Railway company, Dayton, \$30,000; Central Ohio Industrial company, Akron, \$10,000; Owl Creek Oil company, Wapakoneta, \$20,000; Glidden & White Company, Cleveland, \$25,000; City Transfer and Storage company, Marietta, increase from \$10,000 to \$20,000; Sandusky, Monroeville, Bellaire and Norwalk Traction company, Sandusky, \$600,000; Billow-Lupfer Company, Columbus, increase from \$20,000 to \$50,000.

#### Trial of Assumptionists.

Paris, Jan. 22.—The trial of 12 Assumptionists fathers began here before the correctional tribunal. It is alleged they were involved in the so-called royalist and anti-royalist conspiracy. The court was crowded and a number of ladies were present. The judge opened proceedings with questioning Father Picard, superior of the order, who denied that he belonged to an illegal association, and declared he never took part in any political agitation. The Assumptionists, he added, attended to purely religious questions.

#### State Law and Railway Rates.

Washington, Jan. 22.—The United States supreme court decided the case of the Chicago, Milwaukee and St. Paul Railway company versus the railroad commissioners of the state of South Dakota. The case involved the state law involving a maximum rate for the railroads. The circuit court of the United States for the district of South Dakota dismissed the bill, but the supreme court's opinion reversed the judgment and remanded the case with instructions to the lower court.

#### Want Free Trade.

Washington, Jan. 22.—The senate committee on Puerto Rico and Pacific islands listened to additional statements of delegates representing the chamber of commerce of Puerto Rico. All urged freedom of trade between the island and the United States, saying it was necessary to rehabilitation of Puerto Rico, and would be largely beneficial to their sugar, tobacco and fruits.

### A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and I thank God I am saved and now a well and healthy woman." Trial bottles free at J. Jas. Wood's drug store. Regular size 50c. and \$1. Guaranteed or price refunded.

### SENATOR CLARK'S CASE.

**Montana Banker and a Former Legislator Take the Stand.**

Washington, Jan. 22.—The senate committee on privileges and elections resumed investigation of the charges of bribery in connection with the election of Senator Clark of Montana. A. L. Smith, president of the Montana National bank of Helena, was called. Evidently the purpose of calling Mr. Smith was to show transactions of the bank involving Senator Clark or members of the last Montana legislature. Mr. Smith could recall the names of only a few members who had accounts at the bank last winter, and these had, he said, been depositors at the bank for several years. He also said that neither Clark nor Wellcome had transacted any business in the bank during the last session of the legislature. Patrick W. Murray, a member of the Montana legislature from Butte, testified that he had several times been approached and his vote solicited for Mr. Clark for the senate. The prosecution having no more witnesses on hand, an adjournment was taken.

## A NARROW ESCAPE.

The James H. Hall Plow Factory  
Caught Fire Last Evening.

Prompt Work of the Department Prevented a  
Heavy Loss—The Machine Shop  
and Boiler Room Dam-  
aged.

The James H. Hall Plow Factory, Maysville's leading manufacturing enterprise, was threatened with destruction for a time last evening.

Shortly after 5 o'clock flames were discovered issuing from the central building, occupied by the machine shops and as the boiler and engine room.

The fire had started in the rooms over the boiler, but the origin of the flames is a mystery. The watchman, Mr. Ed. Leonard, had only a few minutes before finished banking the fires under the boiler for the night and had started with the shipping-book for the Fifth ward landing to look after a big shipment of plows on the steamer Courier. The alarm was sounded before he reached the landing. It was thought at first that the fire caught in the chute in which shavings are carried from the second floor to the boiler room, but an examination afterwards disclosed the fact that there had been no fire in this chute. The supposition therefore is that the fire must have started from a spark that in some way reached the room on the second floor.

Fortunately the Amazon Fire Company keep their hose in hall on the adjoining corner. They soon attached the hose to the plug just in front of their hall door and had a stream on the flames in a short time. It did not take them long to get the flames under control. The other companies also responded, and in the course of a half hour or so the fire was extinguished. The building and machinery was completely flooded with water, and it will take some time for it to dry out so as to enable the company to make repairs.

The damage is placed at from \$2,000 to \$4,000. The company carries no insurance. This is one of the busiest seasons with the company, and the interference to their business would prove most serious. They will therefore make only temporary repairs at present and wait until late in the spring to give the building an overhauling. The temporary repairs will likely be completed so as to enable the factory to start up in a few days.

It is fortunate the fire broke out when it did. Had it occurred late at night the building would no doubt have been destroyed, and the entire plant might have been endangered.

### RIVER WAR.

Capt. Edgington Has Inspectors' Certificate  
That the Pearce's Boilers Are All  
O. K.—Other News Items.

[Portsmouth Times.]

The steamer Charles B. Pearce arrived here from Cincinnati about 10:30 Saturday morning with a heavy cargo of freight. A Times reporter called on Pilot Edgington with regard to the seizure of the boat at Cincinnati Thursday.

"Yes, the boat was attached," said he, and father arrested. He is out on bond and came up here on the C. and O. Friday. The Big Sandy Company is back of it all. We have been doing too good a business to suit them and they are trying their utmost to get us out of the way. We have it here, in black and white, that our boilers are drilled, according to law.

The inspectors' certificate was shown the reporter. It is signed by Inspectors Edward F. Maddy and Edward Morgan, of Gallipolis. It shows that the boilers were found drilled, as prescribed by law. Some one is surely in the wrong. Whoever it may be, Capt. Edgington fortunately has the inspectors' certificate to rely on, and if the boilers are found punched, notwithstanding, it is no fault of his.

The Pearce will be out of the trade four months of the best season of the year, in case the boilers have to be changed. The boilers were made by the Portsmouth Foundry and Machine Works.

The White Collar Line steamer Bonanza is having another streak of bad luck. Friday night in the fog she ran into the bank near Ironton, stoving in

the forward part of her hull. She reached Cincinnati Saturday night to be bulkheaded, was placed on the Marine Ways' cradles and Sunday afternoon broke loose, and slid out into mid-stream. She was fast carried by the current down the river in danger of striking the bridges. When near the waterworks she was caught by the independent Portsmouth packet, Speedwell, and with the assistance of the D. T. Lane was towed back to the ways.

The J. O. Cole, the Crane Lumber Company's fine new towboat, was launched a few days ago. She is as large as the Crown Hill.

Business men along the Kanawha valley are organizing another independent packet line and will soon have a boat running out of Cincinnati in the Avalon's trade.

Captain Edgington has chartered the Speedwell to take the place of the Pearce while the latter is receiving new boilers. The Speedwell was formerly the Handy No. 2.

It is estimated that close to 10,000,000 bushels of coal has left Pittsburgh within two weeks, and since the first rise almost 25,000,000 bushels has been started South.

Owing to the withdrawal of the Avalon from the trade, Captain Edgington has changed the time of the Charles B. Pearce. Hereafter the Pearce will run on the same schedule of the old Bonanza, leaving Portsmouth for Cincinnati every Monday, Wednesday and Friday.

The City of Marietta, a sister boat to the City of Pittsburgh, is nearing completion.

The new Bostona, being built by Howard, to take the place of the old Bostona, will be ready for the spring trade.

Would you buy a dress pattern for yourself or your daughter or for any other feminine if you could buy stylish dress goods at half price? Have you seen our window display? Rich as it is in bargain possibilities, it gives only a suggestion of the store resources. Take one line of fabrics marked from 75c. to 39c. a yard. One pretty style shows a rich hunter's green ground with a lacey black overthread. Another is wood brown and black in attractive stripe effect. A third shows blue, deep, rich, royal, toned most stylishly by black. These goods opened the season at 75c. Now the small remaining lot is marked to 39c.

## EQUESTRIAN TIGHTS

Are more and more recognized by good dressers as the most comfortable, perfect-fitting, hygienic undergarment. Unimpeded by heavy skirts, walking becomes a pleasure, a movement of grace. The absolute adjustment of equestrian tight to the figure prevents the unsightly wrinkles on the hips that loosely-fitting petticoats often make and which the sheath skirt so quickly reveals. If you try the E. T. they will become necessities. Two qualities, 85c. and \$1. Black.

### A Poor Relation.

The present tour of Sol Smith Russell's idyllic play "A Poor Relation," made possible by the enforced abandonment of the eminent comedian's season, owing to ill health, is the first opportunity many of the smaller cities have had of seeing this delightful play. The performance itself will be of an exceptionally high order, as Manager Fred Berger has retained the company he had engaged to support Mr. Russell, and has secured Frank J. Keenan, the capable young actor, who resembles in person and methods the great comedian himself more nearly than any actor in America, to play the part of Noah Vale, a character picture so life-like that the audience immediately enter with complete sympathy into the story of his trials, reverses and successes. Managers Russell, Dye and Frank are most fortunate in securing this attraction.

### New Coal Line to the Lakes.

Zanesville, O., Jan. 22.—The Zanesville and Ohio River railroad, extending from this city to Marietta along the right bank of the Muskingum, after several years of receivership, has been sold to the Ohio and Little Kanawha company, organized by Mr. J. Hope Suter, the receiver. The road will be extended from Marietta southward into West Virginia coal fields, and some connection arranged from there north, probably over the Cleveland, Akron and Columbus, making a new coal line reaching the lake at Cleveland.

### Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, listlessness into energy, brain-fag into mental power. They're wonderful in building up the health. Only 25c. per box. Sold by J. J. Wood & Son.

BARGE of fresh-mined Kanawha coal just received by N. Cooper. Orders promptly filled.

G. H. HOLLIDAY has brought suit against several individual members of the Augusta Commercial Club for the \$700 given them by the C. and O. railway as an inducement to have the Augusta stove foundry built alongside the C. and O. track. Mr. Holliday claims he is entitled to the money.

Washington, Jan. 22.—Brigadier General James F. Wade, commanding the department of Dakota, has been directed to assume command of the department of the lakes upon the retirement of the active service on Jan. 21 of Brigadier General Thomas M. Anderson.

### Wheeler Soon to Sail.

Washington, Jan. 22.—The war department received a cablegram from General Otis stating that General Wheeler will sail from Manila Wednesday on the transport Warren for the United States, by way of Guam and Honolulu.

### Vanity Fair.

To be amused and pleasantly so is one of the most agreeable reliefs from the worries of business. The best mode of obtaining it may be generally found in the lighter forms—where a happy combination of elements, from the best efforts of entertainers, pass rapidly, from one subject to another, giving also all the aid that can be had from costumes and other effects. This most admirable arrangement is said to be obtained with "Vanity Fair," the newest burlesque and vaudeville which is to be here on Thursday, January 25th, at Washington Opera House.

MANY have availed themselves of our watch bargains. To those who have not and contemplate getting a watch will say call and let us price them. You will find our prices by far the lowest, quality the best. All goods warranted. Now's the time to buy. MURPHY, the jeweler.

## OWING TO THE GENEROUS SUPPORT OF THE PUBLIC,

We have our stock down to the point that our business will not be interrupted during the improvement in our storerooms.

By the time this work is done our Spring stock will begin to come. Pending that we will continue to sell goods at reduced prices to make room. No matter what you see in the papers, if you are in need of anything in our line, from a pair of shoe-strings to an Overcoat, call on us.

## YOU WILL GET THE RIGHT STUFF AT THE RIGHT PRICE.

### PEED.

The hospitable home of Mr. and Mrs. T. B. Roberson was thrown open Friday evening, January 5th, to about forty invited guests in honor of their eldest daughter Miss Bessie, it being her seventeenth anniversary. The young folks of that and adjoining neighborhoods formed quite a pleasant assembly. Promptly at 10 o'clock supper was announced, which proved to be an elegant repast. The evening was spent in games, charades, &c. Miss Bessie was very ably assisted in receiving by her brother, Mr. R. R. Roberson, and ere it was thought to be late, it was time to bid the fair hostess good night, all one expressing themselves as having had a most enjoyable time. Among those present were: Misses Chatlye Killgore, Nannie West, Lizzie and Lillie Conley, Minnie and Lizzie Talley, Lizzie Collins, Sudie and Annie Selby, Nannie, Effie and Sarah Weaver, Blanche Wheatley, Minnie Hawkins, Mary and Eva Roberson and Lucy Williams and Messrs. John Jones, John Pyles, S. Talley, H. Hawkins, Carlos Roberson, Robert Harvey, Dye Collins, Alvah Art, Albert Williams, Major Williams, Joseph McGhee, Charles and Isaac Manley.

### RECTORVILLE.

Allen Hughes has moved to the property of Jerry Lewman.

Thomas Rash, of Indiana, has returned for a few weeks vacation.

D. Sam White spent a few days last week trading in Lewis County.

Miss Clark Bradley and Mary Goodwin visited friends at Mt. Gilead Saturday.

Mrs. Dr. Pollitt, of Maysville, is visiting her daughter, Mrs. Minnie Dickson.

T. M. Davis has returned to his home near Lexington after a ten days visit to his friend, R. T. Bradley.

Messrs. P. T. Bradley, Stanley Hoffman, Robt. and Forest Lee attended the Boston Ladies' Orchestra at Maysville Thursday evening.

### FERN LEAF.

George Erion and family are visiting at Germantown.

Mr. McIntire, who received injuries some time ago, is now able to do chores about his home.

Mr. Stiles, the Liggett & Myers tobacco agent, of Maysville, purchased a few crops of tobacco in this vicinity last week, paying brisk prices.

John Inskeep, who is a native of Virginia, and who has been visiting at the home of his son-in-law, Mr. Angus Wood, of near this place, has been very sick the past week, and does not seem to be as yet on the improve.

Fern Leaf was apprised last week of the marriage of Mr. William Fitch, of this place, and Miss Elizabeth Hughes of Tuckahoe. The happy couple are considered among the most estimable in the county: the groom being a prosperous young farmer; the bride the daughter of Mr. T. B. Hughes, a well to do farmer. Fern Leaf joins in wishing them a happy and pleasant future.

One of the swellest as one of the most enjoyable dancing parties of the season took place on Tuesday evening last week, at the pleasant and beautifully situated home of Lewis Smoot. Mr. and Mrs. Smoot are among the most hospitable entertainers of the community. The guests departed in the wee sma' hours of the morning, with rosy faces and gleeful hearts, feeling that they had been delightfully entertained.

Mr. and Mrs. Matt Worthington were very much surprised the first of last week on receiving a telegram, informing them that Mr. William Talbert, who was a relative, and who resided at North Middletown, Ky., died very suddenly in Columbia, South Carolina, where he had been engaged in the mule trade. The wife of the deceased was reported in a very serious condition, at times unconscious, caused by the shock of her husband's death.

### League of American Wheelmen.

Pittsburg, Jan. 22.—The annual meeting of the League of American Wheelmen for 1900 will be held in Milwaukee. This has just been decided unanimously by the executive committee. The date of the meet will be fixed later. Preparations will be begun immediately, although the meet probably will not be held until late in the summer.

### Roberts Case.

Washington, Jan. 22.—The special committee to investigate the case of Representative-elect Roberts of Utah arranged the program for the consideration of the case in the house. It will be called up Tuesday immediately after the reading of the journal. Mr. Taylor of Ohio, chairman of the committee, will open the debate in favor of the majority resolution to exclude, and will be followed by Mr. Littlefield of Maine, who will present the argument in favor of seating and then expelling Mr. Roberts. Mr. Roberts will then be given an opportunity to address the house. The vote will be taken Thursday.

### Deed of a Drunken Brute.

Eminence, Ky., Jan. 22.—While intoxicated, James Ellegood caused a disturbance at Franklinton in front of a residence, where a lady was dying. Orle Smith requested Ellegood to be quiet on account of the sick lady. Ellegood assaulted Smith with a dirk. Richard Heaton interfered and was killed by Ellegood. Afterward Ellegood turned again on Orle Smith and the former is reported to be dying from a fractured skull.

## PITHY POLITICAL POINTS.

If Mr. Gage didn't know he was violating his obligation as Secretary of the Treasury in the disposition of the immense sum received in sale of the government property, he is not fit to be the incumbent of that high and responsible office.

Mr. Gage must be a mighty accommodating man to make a sale and let the purchaser retain the purchase money.

Mr. Gage must have been wonderfully popular as a bank President if he carried his peculiar methods of handling money to the extreme that he has as Secretary of the Treasury.

The money-gang knew what they were doing when they put McKinley in as President.

That job of Gage's seems rottener the more airing it receives.

The man who is too stupid or narrow-minded not to see the trickery about that transaction of Secretary Gage's would be a pleasant customer for a gold-brick man or the faro or monte man.

Mr. Gage has discovered the cloven foot in that transaction to all who have any eyes, and his usefulness, if he ever had any, as Secretary of the Treasury, has come to an end.

The election of McKinley was simply a case of bargain and sale at the hands of the gold power, and the same crowd have been behind every deal that has been made since.

President McKinley and his advisers have been as pliable and subservient in the hands of the gold power as their favorite metal is at the hands of the artisan and artificer.

### Ninety-eight Per Cent.

There is a fascination about big profits to a business man. But the conservative and cautious trader prefers to have the lesser per cent. of interest and the larger per cent. of safety in his investments. There is no business man who would not consider it a sound proposition to invest in all enterprises in which absolute loss was impossible and which offered ninety-eight chances in a hundred of a rich profit. The statistics of cures effected by Dr. Pierce's Golden Medical Discovery show that 98 per cent. of cases of "weak lungs" can be absolutely cured. Almost if not all forms of physical weakness may be traced to starvation. Starvation saps the strength. The body is just as much starved when the stomach can not extract nutrition from the food it receives as when there is no food. "Weak lungs," bronchial affections, obstinate coughs, call for nourishment. "Golden Medical Discovery" supplies that nourishment in its most condensed and assimilable form. It makes "weak lungs" strong, by strengthening the stomach and organs of digestion which digest and distribute the food, and by increasing the supply of pure blood.

### Germantown Fair Company.

The Germantown Fair Company has elected officers as follows:

President—S. W. Bradford.  
Vice President—E. C. Slack.  
Secretary—John Walton.  
Treasurer—J. F. Molloy.  
Mason County Directors—D. A. French, J. E. Boulden, J. F. Walton, Dan Lloyd, J. E. Wallingford, C. T. Calvert, M. C. Kirk, J. E. Molloy, Mr. McCoy and W. P. Dixon.

Bracken County Directors—S. W. Bradford, B. F. Metcalf, George S. Weimer, T. J. Taylor, T. A. Erwin, W. A. Taliaferro, T. F. Tyler, J. W. Statton, T. R. Robinson and Frank Collins.

# The Latest Information!

## CONCERNING THE IRON TRADE

Is that prices continue to advance on everything in the hardware line, and farmers will have to pay much more for their Wire Field Fence this Spring than they did a year ago—excepting those who take advantage of our liberal offer. Last Fall, anticipating the advance, we placed a big order with the manufacturers of

# The American Woven Wire Field Fence,

and offered to sell at the old figures as long as the invoice lasted. Having bought so largely, and it being late in the season, we disposed of only about half our purchase, but we expect the balance to go quickly after our farmer friends read the good news that we have decided to sell what remains at a figure probably below what the Fence could be bought for to-day in car-load lots. If you intend buying any field Fence this Spring, here's your opportunity to effect a considerable saving by buying now. More of the American Woven Wire Fences were sold last year than all other woven wire fencing combined, and for beauty and durability it has no equal. Every rod is guaranteed. Come in and see us about it.
